Source | Finding

| --- | --- |

BBB | No profile found for this exact Chapin entity

Google | Not Found (no verified GBP rating captured)

Yelp | Not Found

Other | 2findlocal: Not Rated; Porch: no published reviews

No complaint pattern identified from available sources. Do not confuse with Security Safe & Lock in Bellevue, WA (high Angi rating - different company).

Step 5 - Digital Footprint

Item | Finding

| --- | --- |

Website | locksmithincolumbia.com (MapQuest); 996lock.com / 996lock.net (domain records ? Randy Ramsey)

LinkedIn company page | Not Found

Vendor/partner pages | Not Found

Staffing signals | Not Found

Step 6 - Final Assessment

Grade | Value | Rationale

| --- | --- | --- |

Vendor grade | C | Commercial locksmith/safe capability is plausible and repeatedly claimed, but SOS status, licensing, ownership structure, and customer review history are thin.

Confidence grade | D | Multiple addresses and shared location with Elite Security & Maintenance create entity ambiguity; no BBB/Google baseline; SOS not verified live.

Service Provider Vetting Report: Corley Lock & Safe

Step 1 - About the Company

Name ambiguity: "Corley Lock & Safe" in SC maps to at least two related but distinct footprints:

1. Corley Lock and Safe Company, LLC - Chapin/Kingship area; Edward Randall Ramsey reported as registered agent (secondary sources; SOS not verified here).
2. Corley Security Systems Inc. / Corley Lock & Key - 1140 Bush River Rd, Columbia, SC 29210; long-established locksmith, alarm, access-control, and safe integrator.

This report covers both, because directories conflate the names.

Commercial work: Yes - BBB and legacy Angie's List data describe commercial access control, CCTV, fire/burglar alarms, safes, and locksmithing. States registered: SC; foreign quals Not Found. Licenses: SC has no locksmith license; alarm/security

work may fall under separate contractor rules - BBB notes industry may require professional licensing but does not confirm active credentials. Subcontracting: Not Found. Service area: Columbia/Midlands. Employees: BBB lists 8 for Corley Security Systems Inc. Discipline: BBB shows 0 complaints (3-year window).

Step 2 - Formation & Ownership/Agent

A) Corley Lock and Safe Company, LLC (requested name)

Field	Finding

B) Corley Security Systems Inc. (operating Columbia brand)

Field	Finding

 Status | Active operating profile on BBB - SOS Not Found here
 Principals | Richard B. Corley, President; Linda W. Corley, VP; Kathryn Harrison, Secretary/Treasurer (BBB)
 Registry link | [SC SOS Business Search](https://businessfilings.sc.gov/BusinessFiling/Entity/Search)

Edward Randall Ramsey was not found as an officer of Corley Security Systems Inc. on BBB, and is not the SOS registered agent for that entity name in the agent search completed here.

Step 3 - Address Verification

Address	Entity	Classification	Maps
 1140 Bush River Rd, Columbia, SC 29210 | Corley Security / Corley Lock & Key | Likely commercial storefront/office (long-tenured location) | [Google Maps](https://www.google.com/maps/search/?api=1&query=1140+Bush+River+Rd,+Columbia,+SC+29210)
 12 Ellis Ave, Lexington, SC 29072 | Corley Security Inc (alternate listing) | Not Found classification | [Google Maps](https://www.google.com/maps/search/?api=1&query=12+Ellis+Ave,+Lexington,+SC+29072)
 160 Kingship Dr, Chapin, SC 29036 | Corley Lock & Safe LLC (secondary linkage) | Likely commercial suite - overlaps Security Lock & Safe footprint | [Google Maps](https://www.google.com/maps/search/?api=1&query=160+Kingship+Dr,+Chapin,+SC+29036)

Step 4 - Online Reviews

Source	Corley Security Systems Inc.	Corley Lock & Key
 BBB | Not accredited; 0 complaints; no letter grade displayed on profile reviewed | N/A
 Google | Not Found | Not Found
 Yelp | Not Found | Not Found
 Angie's List (legacy) | Historical listing; Licensed: No (self-reported, 2008 report) | 0 reviews on Fyple

No sustained negative pattern found in sources reviewed; limited review volume overall.

Step 5 - Digital Footprint

Item | Finding

|---|---|
 Website | corleysecurity.com (listed; site returned 503 during fetch)
 Email | locks@corleysecurity.com (Angie's List legacy listing)
 Phone | (803) 798-4144, (803) 750-3048, toll-free (800) 442-6924 (BBB)
 LinkedIn | Not Found (company page)
 Vendor pages | Not Found

Step 6 - Final Assessment

Grade	Value	Rationale
 Vendor grade | B | Corley Security Systems Inc. shows long operating history, commercial security integration scope, and clean BBB complaint record - but accreditation/licensing verification is incomplete.
 Confidence grade | B | SOS now confirms Edward Randall Ramsey as registered agent for Corley Lock & Safe Company LLC; split from Corley Security Systems Inc. remains, and officer titles beyond registered agent are still Not Found.

Service Provider Vetting Report: Elite Security & Maintenance

Step 1 - About the Company

Elite Security & Maintenance is a Chapin-based locksmith and safe/maintenance operator listed for 24-hour residential and commercial service: rekeys, lockouts, safe opening/repair, lock/door repair (USA Company Directory / AllPages). States registered: SC operating presence; LLC formation cited in one aggregator - Not Found on SOS directly. Licenses: No SC statewide locksmith license; local license Not Found. Subcontracting: Not Found. Service area: Chapin and Midlands (implied). Employees: Not Found. Complaints/discipline: Not Found.

Step 2 - Formation & Ownership/Agent

Field	Finding
 Legal name | Elite Security & Maintenance (trade name usage)
 Entity type | Not Found on SOS (may be DBA/unregistered trade name or separate LLC under another legal name)
 Formation date | One source cites LLC since 2009 - Not Found on primary registry
 Status | Not Found
 Registered agent / officers | Edward Randall Ramsey - Not Found as officer/agent in sources reviewed
 Registry link | [SC SOS Business Search](https://businessfilings.sc.gov/BusinessFiling/Entity/Search)

Step 3 - Address Verification

Address	Classification	Maps	Evidence
 538 Chapin Rd, Chapin, SC 29036 | Likely commercial office/storefront (co-located with Security Lock & Safe listing) | [Google Maps](https://www.google.com/maps/search/?api=1&query=538+Chapin+Rd,+Chapin,+SC+29036) | AllPages, Opendi, Hubbiz, USA Company Directory

Step 4 - Online Reviews

Source	Finding
 BBB | No profile found
 Google | Not Found

Yelp | Not Found
 Opendi / Hubbiz | Listed; no reviews

Step 5 - Digital Footprint

Item	Finding
 Website | elitesecurityandmaintenance.com (minimal content; 24/7 emergency messaging)
 Phone / fax | (803) 369-9696; fax (803) 345-9973
 LinkedIn | Not Found
 Vendor/partner pages | Not Found
 Brands carried | American Lock, Emtek, LSDA, Medeco, Schlage (AllPages - Not Found verification)

Step 6 - Final Assessment

Grade	Value	Rationale
 Vendor grade | C | Service scope fits commercial locksmith/safe work, but legal entity, ownership, and reputation data are too thin for a higher grade.
 Confidence grade | D | Shared address with Security Lock & Safe and absent SOS officer records for Edward Ramsey reduce confidence materially.

Combined Assessment - Edward Randall Ramsey (Owner/Officer)

Role	Security Lock & Safe	Corley Lock & Safe	Elite Security & Maintenance
 Owner | Not Found (Randy Ramsey cited as owner separately) | Not Found | Not Found
 Officer / agent | Indirect link via @996lock.com email association | Registered agent per secondary sources (unverified SOS) | Not Found
 Confidence | Medium-low | Low-medium | Low
 Bottom line: Edward Randall Ramsey appears credibly tied to the 996lock / Security Lock & Safe network and likely to Corley Lock and Safe Company, LLC as registered agent, but primary SOS confirmation and formal officer titles were not obtained in this run. Treat Ramsey as a person of interest requiring registry confirmation, not yet a verified controlling owner across all three brands.

Portfolio Recommendation (all three)

Company	Vendor Grade	Confidence	SP vetting posture
 Security Lock & Safe Co | C | D | Proceed only after SOS + local license + reference checks
 Corley Lock & Safe / Corley Security | B | B | Stronger historical footprint (Columbia Corley entity); clarify which legal entity would contract
 Elite Security & Maintenance | C | D | Likely related Chapin operator; verify legal entity and ownership before onboarding
